

CRYSTAL

Crystal is our fully-custom framed product line, offering a wide array of standard cabinets, modifications and special requests. Doors are available in overlay, full-overlay and inset styles, allowing you to achieve period looks like Arts & Crafts, Shaker, Tuscan, Country French, as well as cutting-edge transitional designs for any room in the home.

Crystal cabinetry is constructed of furniture-quality materials with the best in workmanship and design flexibility. With Crystal's vast selection of door styles, woods and signature finishes, designing your cabinetry to custom fit your life-style has never been easier or more exciting.

Crystal Box Construction

- 1 Standard interior options include wood grain melamine laminate on particleboard or clear finished maple veneer on plywood. Matching finished interior upgrade available.
- 2 3/4" thick particleboard sides. [Plywood upgrade available with Crystal Plus and Inset Plus.]
- 3 3/4" particleboard shelves. [Plywood shelves standard with Crystal Plus and Inset Plus.]
- 4 Tops, bottoms and backs are 1/2" thick material.
- 5 Drawer boxes are built with 3/4" solid hardwood with dovetail joints. Top edges of drawer box sides are slightly radiused.

- 6 Drawer box bottom is 1/4" thick hardwood veneered plywood and is dadoed into sides and front for greater strength.

Drawer Guides

- 7 Concealed full-extension under-mount guides are standard.
- 8 Guides are zinc-coated steel with a self-closing feature.
- 9 All drawers come standard with Blumotion® Soft Close. Feature pulls drawer closed smoothly and quietly.
- 10 Roller carriage mechanism has permanently lubricated rollers.

80 STANDARD DOOR STYLES

Crystal doors are 3/4" solid wood frames and door panels, mortis & tenon or mitered, and are either 3/4" solid wood raised panel or 1/2" solid wood flat panels. Most styles available in all overlay options and Inset. Inset frames are available beaded or non-beaded. Radius doors offered on many styles.

In addition, we offer our "custom door program," which allows you to mix and match panels, stiles and rails to create your own unique door style.

25 STAINS • 15 PAINT COLORS

Crystal's stains and paints are available in a generous palette from light to dark with many specialty finish options and the ability to create any custom color. Our Signature finish offers several colors of glazing, highlights, rub-thru choices and distressing elements to enhance your stain or paint. Utilizing innovative and progressive finish technology, our multi-step finish application produces a strong, long-lasting product.

12 WOODS

The wood you choose for your cabinetry sets a tone for your entire space. Crystal offers a broad selection of choice woods—birch, cherry, heartwood, hickory, knotty alder, Lyptus®, maple, distressed pine, premium alder, rustic cherry, quarter-sawn white oak and red oak.
